## Cemetery Is Main Issue In City Election

Candidates for city offices at the city election next Monday are overshadowed by the cemetery zoning proposition. With only one contest between candidates little is heard on that score.

On the other hand, interest in the cemetery question grows keener. The issue has been quite thoroughly discussed and the shifting of opinion one way or the other has caused a good deal of anxiety.

The issue arose over the application of Ole Hanson for extension of the zone to permit addition of 14 acres to the present cemetery. He promised to build a \$100,000 mausoleum and to park the whole grounds, making a well kept modern burial ground. His proposal found immediate favor with many people who believed a man who wanted to invest \$150,000 in Sierra Madre ought not to be discouraged. The condition of the present cemetery was also a powerful argument.

Opposition to the Hanson plan appeared first among residents of the neighborhood who did not relish having a larger cemetery so close to their homes and the business part of town. Their appeals, at first were little heeded but gained a following until the outcome is admittedly uncertain. Points having greatest apparent weight were the claim that Sierra Madre would receive undesirable advertising as a burial place, and if the thing is a success the number of funerals coming in from the outside will impede street traffic. Damaging effect has resulted from publicity in the daily papers to other cemetery and mausoleum enterprises which savored strongly of fake promotion methods and made many people suspicious of that class of enterprises in general.

**Candidates for Office**  
Nominees on the city ballot will be as follows:

For Trustee, 4-year term: S. M. Karicofe (incumbent), W. D. Richards (incumbent), E. D. Topping. Trustee, 2 years: E. H. Porter (incumbent). Clerk: L. Dietz (incumbent). Treasurer: Carlton J. Pegler (incumbent).

## THEATRE GETS GOOD RESPONSE TO NEWS APPEAL

"What the News said about the Wistaria theatre last week evidently had a good effect," said Mrs. Brown yesterday. "Ever so many people have spoken to us about it. Lots of people have come to the shows who were never inside the building before. We appreciate that support for the theatre needs it especially during the experimental stage. We are trying all the time to give better shows and to provide better accommodations for our patrons."

Alterations to the theatre front are going forward as fast as possible without interfering with the giving of the regular shows. The ticket office has been moved to the other side of the wider lobby, and a small space is being provided for a candy counter on the east side.

After Easter there will be a change in the program schedule, which will eliminate the Sunday matinee, change the hours and make a better combination for the three-show weekly schedule.

For the coming week four good features are offered. The Saturday "western" is "Crashing Courage," with Mary Lynn, Jack Livingston and Al Ferguson. Then comes Thomas Meighan in "Homeward Bound," a thrilling romance of the sea by Peter Kyne. An entirely different type but no less thrilling is Tom Moore in "Beating the Game." On Thursday and Friday the attraction will be "In the Palace of the King." This is a Goldwyn version of F. Marion Crawford's novel of the 16th century. Throughout the week the programs are varied with comedy and other novelties.

## Northern Man Buys Business Building Site

Thomas H. Ray of Bozeman, Mont., has purchased the Yerxa lot at the northeast corner of Central and Auburn avenue. He plans to erect a business block with offices or apartments above the ground floor store rooms. The lot is one of the best located vacant properties in Sierra Madre and Mr. Ray is confident the rapid growth of Sierra Madre will prove it to be a good investment.

Mr. Ray, who is spending the winter at Bella Vista, is a prominent grocer of Bozeman. He was for many years a customer of E. Waldo Ward, who covered the western states for James P. Smith & Co., New York importers. Mr. Ray is not basing his judgment of Sierra Madre's future on the observations of his present visit alone, as he spent some time here in past years and had opportunity to watch developments.

## EXTENSION FOR GRAND VIEW IS NOW ASSURED

Extension of East Grand View Avenue in the proposed Cook-Woodley subdivision beyond Santa Anita Ave., was assured the city trustees in a letter from F. E. Woodley, county supervisor, read at last night's session of the trustees. A letter from the Chamber of Commerce withdrew the protest against vacation of the dead end of the street in view of the assurances given by Mr. Woodley. Chairman Mitchell indicated the trustees would start the vacation proceedings as soon as the subdividers posted the necessary check to guarantee expenses.

The board voted to cooperate with the Monrovia trustees in an effort to compel proper sewage disposal in connection with cabins and residences in manyons from which water is derived. An effort will be made to secure adoption of a county ordinance to cover territory outside of city boundaries.

Earl E. Woods applied for a billiard hall permit for 62 West Central Ave. At the suggestion of Trustees Porter and Sparks Marshal Udell was instructed to investigate the character of the applicant and the kind of place he formerly operated in San Pedro.

W. J. Sharp was appointed as caretaker for the city park upon the recommendation of the park commission.

Henry Schaser protested against improvements as planned for Alegria Ave., west of Sunnyside. Hearing on the protest was set for the next regular meeting of the board, according to law.

## Mrs. Godfrey Speaker for Civic Dinner

Mrs. Anna M. Godfrey, a representative of the U. S. Department of Labor in the Americanization service, will be the speaker at Monday night's meeting of the Civic association. Her address at the Woman's club convention in Glendale was so well received that it is thought she will prove a great attraction here.

Discussion of the possible union of the Civic Association and Chamber of Commerce will occupy the open forum. The usual dinner will be served at 6:30 and a large attendance is expected.

On account of the importance of Mrs. Godfrey's address the Woman's club and Parent-Teacher association are joining with the Civic association for the Monday night meeting.

Dinner will be cooked by Chef P. Becronis of the Sierra Madre cafe and will be one of his famous roast turkey menus at only 75 cents the plate.

## Fire Fighters Are Aided by Strong Wind

Fire originating along the Mount Wilson trail last Saturday morning struck terror to all Sierra Madre. The high wind seemed to indicate the worst conditions ever known here for mountain fire fighting. Fortunately, however, the wind coming from the north proved an actual aid for the first time on record.

The new fire break just completed on Long Point by the Sierra Madre Water department stopped the fire there. Otherwise it would doubtless have swept the west side of the Little Santa Anita. It burned out a number of the deeply cut canyons, but was checked each time by wind and fire fighters at the crest of the ridge.

Marshal Udell had a force of about 70 men on the job in amazingly short time. Monrovia sent over a crew of men but they were not used as the fire was checked by the time they arrived. Pasadena had a force ready to send upon call.

Reports that the fire originated from brush fires along the new fire-break were erroneous, as it was some distance away and there were no brush fires that morning. It was a strange coincidence that the first fire in many years in the Little Santa Anita should come within a week after completion of that fire-break.

## SING INVITED TO HOLLYWOOD BOWL CONCERT

Sierra Madre Community Sing has been invited to sing in the great Hollywood Bowl on Monday evening of Music Week. The invitation was received by Mrs. Milton Steinberger, president, from Mrs. J. J. Carter who has the program in charge, for the Monday evening program when the Bowl will be filled with singing organizations. Sierra Madre will be one of the few to sing independently with its own director, Mr. Kirchofer.

Responses to the appeal in last week's News have been numerous, according to Mrs. Steinberger, but many more are needed to put the Sing on the right side of the ledger.

Be sure your camp fire is dead—and then bury it.

## TEMPLE PEOPLE WANT ROAD TO SIERRA MADRE

Opening of Sierra Madre avenue through from the Foothill boulevard to Huntington Drive and the Monrovia car line is the objective of prominent citizens of the new town of Temple. Secretary Roy Teeters of the Temple Chamber of Commerce, Dr. A. F. Peterson, representing the Temple Townsite company, and Duke Coughran of the firm of Marsh & Coughran, tract agents, visited Sierra Madre recently and are anxious to enlist cooperation from this end of the line.

At the south end of the proposed extension it is the hope of Temple people to make a slight swing in the road so as to connect with Sunset avenue at its conjunction with Huntington Drive. This would give a direct thoroughfare from the mountains, along the west border of Sierra Madre, and well into the San Gabriel valley.

The proposed road would be of material benefit to Sierra Madre as well as to the valley folk and deserves the assistance of every local agency. The right of way is already open, though in poor condition, to a point just south of Monrovia pumping plant. Only about half a mile remains to be opened to bring it to the Foothill boulevard.

Taxes go up when forests burn down—You pay.

One live cigarette—one careless man—forest fire.

## Celebrate Anniversary Pastorate

A splendid audience gathered at the Congregational Church Sunday morning to celebrate the first anniversary of Dr. Tate's coming to Sierra Madre. Several new members were received and it was announced the trustees had decided to build an addition for temporary accommodation of the growing Church School, pending erection of a new church building on the corner lot across the street. On Wednesday evening the members and friends of the church joined in a fellowship dinner and the quarterly business meeting at which encouraging reports were heard from all departments.

On Sunday evening an intensely interesting address was given by Mrs. Mary Dranga Campbell who has been visiting her sister-in-law, Mrs. Mary Tufts Dranga. Mrs. Campbell told of her experiences in the Balkans where she spent two years after the war, helping organize the school system for the new government. Her stereopticon views of the quaint people and places were unusual in canyons from which water is derived.

## CONCERT GIVES RARE PLEASURE TO LARGE CROWD

Out of a long program of songs rendered by Gilbert Wilson last Friday night, perhaps the most popular was his own composition, "Shade." The audience, which had shown keen appreciation throughout the program for the singer's artistry, expressed boundless enthusiasm over his own song and he was compelled to sing it a second time. It stamps his ability as a composer as on a par with his singing. It has a style distinctly its own, but forms a fitting companion piece for Oscar Rasbach's "Trees." So cordial was the applause for the latter that Mr. Rasbach, who was in the audience, had to rise and acknowledge the tribute.

With a deep, rich voice and perfect diction, Mr. Wilson's singing gives pleasure to his hearers in unusual measure. There is a directness and lack of artifice in his work that makes strong appeal, and the number and variety of his songs would have been taxing to a voice less thoroughly schooled.

Accompaniments played by Mrs. George B. Morgridge shared liberally in the approving comment of the concert audience. The delicate shading of her touch and thorough understanding of the requirements of an accompanist went far toward making the program a complete artistic success.

The affair was held under the auspices of the Congregational Ladies' Aid society for the church building fund. The audience which nearly filled the club house pronounced it one of the most satisfying musical events ever held in Sierra Madre.

## FRATERNAL NOTES

Mrs. Mildred Buttress, deputy grand matron, visited the Sierra Madre Eastern Star chapter Monday night and officially inspected the work of the chapter. The meeting was preceded by a delicious dinner served in the wistaria room of the club house by a committee headed by Mrs. Blanche Muskrath, associate matron, and enjoyed by eighty members of the order. Mrs. Buttress was highly complimentary toward the work of the officers and the condition of the chapter. As a token of the chapter's appreciation of her work with them she was given some articles toward a beautiful ivory toilet set. Mrs. Muskrath's presentation speech was supplemented by brief remarks by the matron, Mrs. George B. Morgridge, and the patron, Dr. Gilbert S. Bovard.

**Masonic Lodge**

Work in the degree of Master Mason will occupy the meeting of Sierra Madre Lodge N. 408, F. & A. M., next Tuesday night. A cordial invitation is extended by E. L. Yerxa W. M., to all visiting members of the order.

## Trails Closed in Big Fight On Epidemic

Mountain trails were closed this morning. Necessary merchandise for camps and residents can be delivered at the barrier at the foot of the trails, but all unnecessary traffic is suspended.

Garbage collection by the city contractor has been stopped because the state regulations forbid him hauling the garbage over the public roads. Householders will have to go back to the burying of garbage on their own property. It must not be placed at the curb, carried from your own property or left where it can be scattered by animals or birds.

These are the latest developments in the local situation as to the Foot and Mouth Disease quarantine.

Another Lamanda Park dairy, the third in less than a week, is under suspicion of having cattle infected with the dread foot and mouth disease. C. F. Huddleston, milk, food and sanitary inspector of the Pasadena health department announced Thursday. Inspectors are now at the dairy maintaining a close watch on the cattle to determine if they are suffering from the disease.

A strict quarantine is being maintained in the Lamanda Park area—Foothill boulevard on the north; Huntington drive on the south; Santa Anita avenue on the east, and Rose avenue on the west—in fact, it is only possible to enter or leave the district by official permit. Thirty dairies are in this area. Announcement was made to the health department by the state board of health that all milk from the Lamanda Park area must be pasteurized.

## All Milk Pasteurized

This is to be done at the pasteurization plants of the Crown City dairy and the City Dairy. These two dairies will collect the milk from the other dairies in the district, and after it is pasteurized it will be delivered to the various dairies. Their machines will not be allowed, however, to enter the restricted area.

Pasteurization at 145 degrees Fahrenheit is said to completely destroy the foot and mouth virus, if there is any in the milk, while cooking also destroys the virus if it is in meat.

## City Regulations

City Manager C. W. Koiner of Pasadena issued the following order, which will be in effect during the period of quarantine:

"There will be no picnics allowed in the parks.

"There is a ban on people going to the mountains and they are requested not to picnic along country roads; in fact, people are requested to remain at home during this epidemic. Do not go out into the country.

"There are no animals, except horses in harness, allowed on public highways. Keep all dogs tied or penned up.

"Keep all fowls penned up—this includes pigeons.

"Obey all the regulations that have been published from time to time; even though you may question some of them; they are made for a reason."

## MOTOR TRUCK APPLICATION HAS HEARING

R. J. Walsworth's application for a permit to operate a motor truck line between Sierra Madre and Los Angeles was given a hearing on Monday by W. R. Williams, examiner for the state railroad commission. The hearing was held in the city hall where a large number of business men testified to the benefits they believed would result to the community from such a service.

T. A. Woods, representing the American Railway Express Co., and G. E. Mesecar, representing the Pacific Electric Railway, protested that the truck line would seriously impair the earnings of their companies on the Sierra Madre line. Mr. Wil-

## Health Status Excellent in Sierra Madre

At the regular Tuesday luncheon of the Chamber of Commerce on April 8th, Dr. Gilbert S. Bovard was the speaker for the occasion. His intensely interesting and instructive talk a Public Health covered a surprising amount of ground in the limited time at his disposal, and there were many expressions of regret at the close that he could not have continued.

Particular stress was laid by Dr. Bovard on the need of cooperation from the general public in regard to enforcing sanitary regulations, emphasizing that laws did no good if the sentiment of the community did not back up their enforcement. He had authoritative figures from official records showing that the often repeated statement that Sierra Madre is a community of sick people is not borne out by the facts.

The actual percentage of sick people in the city does not exceed the average of most California towns. All foothill towns will always have a certain proportion of health seekers, but with proper precautions and sanitary regulations there was no need for any one to fear this condition.

Dr. Bovard mentioned as one of the great assets of this city its bountiful and pure water supply and urged that every citizen aid in keeping the supply pure and uncontaminated. He stressed the need for consideration of some scheme of sewage disposal which would eliminate for all time the danger of such contamination.

W. S. Andrews was chairman for the day. The chairman for next Tuesday's luncheon will be Contractor T. M. Webster.

## PRIZES GIVEN FOR TENNIS ON NEW PARK COURT

A tennis tournament open to local players will be held on the Community courts on the Saturday afternoons of April 19, 26 and May 3. The events will be a men's hand-singles; mixed doubles, and men's doubles.

Entries may be made immediately at the Chamber of Commerce until April 16, 1924. The players will be rated A, B, C, D and E, and a schedule announcing ratings and handicaps will be published in the News next week.

The prizes for the tournament have been donated by the local business men and will be placed on exhibition in the window of the News office. The events, prizes and donors are as follows:

Men's singles—Tennis racket, by Woodson Jones.

Men's doubles—Pair Tennis shoes, by Sierra Madre Tailors; razor, by F. H. Hartman & Son.

Mixed doubles—Turkey dinner, by Sierra Madre Cafe; flashlight, by Sierra Madre Electric Co.; pair of scissors, by Sierra Madre Hardware company.

## BANK GAIN REFLECTS GOOD MANAGEMENT

Continued steady gains in earnings marked the report for the fiscal year at the annual meeting of stockholders of the Sierra Madre Savings Bank on Tuesday. The books showed \$6000 added to the surplus fund out of earnings, besides a substantial addition to the undivided profits account and the usual dividend payments.

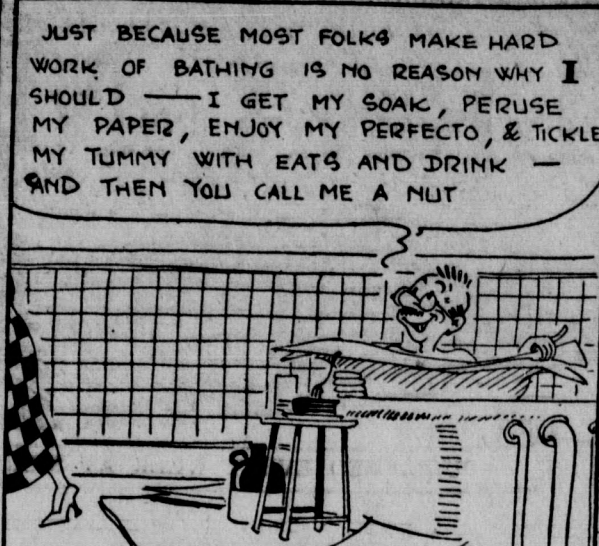

All the directors and officers were re-elected. They are as follows: President, H. E. Allen; vice president, C. S. Kersting; cashier, W. H. Ingraham; assistant cashier, M. F. Seeley; directors, C. W. Yerxa, C. W. Forman, F. H. Hartman, Charles S. Kersting and H. E. Allen.

Liams said the volume of work before the railroad commission probably would delay decision for some time.

**Sacred Concert  
to Be Repeated  
Sunday Evening**

The sacred concert presented by the choir of the Church of the Ascension Tuesday evening, April 1st, will be repeated Sunday evening, Palm Sunday, at the church at 7:30. This has been arranged because of the many requests received to have an opportunity to hear Master Robert Mitchell and the choir in their work.

The Good Friday sacred musical service, when "The Cross" by Flaxington Harker will be sung, will take place in the church at 8:00 o'clock p. m., April 18th. This is a musical masterpiece with soprano, alto, tenor and baritone solos and chorus work, the first time given in Sierra Madre.

A cordial invitation is extended to the community to attend both services.

**THE PARADISE  
OF THE PACIFIC**

At the evening service of the Congregational church next Sunday Dr. Tate will give an illustrated lecture on Hawaii. The charm of this paradise of the Pacific is indescribable and Mark Twain's testimony to its witchery is as true today as when he uttered it. Dr. Tate resided in Hawaii for three years and will speak not only of the beauty of the islands but of the people and of the great work of Americanization that is being carried on.

Hawaii is the cross road between America and the Orient. There the Orient and the Occident meet and what is happening is a wonderful story.

At the morning service Dr. Tate will deliver a pre-Easter sermon on the subject, "The Appeal of the Cross."

A cordial invitation is extended to all to attend these services.

**LADIES' AID TO  
MEET TUESDAY**

The Ladies' Aid of the Congregational church will meet Tuesday, April 15, at 2:30 at the home of Mrs. E. Waldo Ward, 273 E. Highland avenue. Mrs. Escott and Mrs. Sullivan will assist the hostess. Members are asked to see that the strangers in their neighborhood are especially invited to this meeting.

And He Often Falls.

Too often a man will do a mean act merely because he has confidence in his ability to square himself by offering an apology.

CEMETERY**

Close in to the Center of our Small City—  
—one that never can be gotten out  
—one that will cost the remaining tax-  
payers over five hundred dollars a year  
now—and soon hundreds a year more—be-  
cause the private owners of the cemetery  
escape taxes.

NOTE IT DOWN—

—and later there is no doubt of having  
all the cemetery our city needs.

The First Are Last.  
For hundreds of years the Chinese have been skilled iron workers—the first in the world—but have imported all their steel. The first electric steel furnace has recently been installed at Shanghai, in the first steel foundry to be operated in the celestial kingdom. Its inauguration marks a new industrial era for China.

Scent in Gems.  
The perfume of precious stones was discussed in a lecture in Geneva recently, says the New York World, by the French jewel expert De Hense-laer. Some stones, such as the emerald, he said, give a subtle, pleasant scent when reduced to powder, while others, among them diamonds, have a disagreeable odor.

**NOTICE TO CUSTOMERS  
of MONROVIA LAUNDRY**

Owing to State Regulations of Quarantine our salesmen are prohibited from entering private drives or yards. Wherefore all collections and deliveries must be made from public highways.

We will appreciate the co-operation of our customers in observing these regulations.

The Consolidated Motor Freight Lines, Inc., of Oakland, Calif., operates a fleet of large trucks in merchandise transportation. Zerolene oils are used exclusively.

**A big motor freight line settles  
THE OIL QUESTION—**

The Consolidated Motor Freight Lines, Inc., of Oakland, Calif., has solved its lubrication problem — by standardizing on Zerolene.

**Independent Tests Verify Claims**

Subjecting the anti-western oil superstition to the test of actual comparison in service, this Company verified independently our claims that Zerolene will lubricate the modern automobile engine as well or better than any oil on the market, irrespective of price, and whether of eastern or western origin. A part of their letter follows:

"During the past three or four years we have experimented with various brands of eastern and western lubricating oils, including Zerolene oil. The results of these tests have proved to our satisfaction that Zerolene lubricates our equipment with the greatest efficiency.

"Our recent decision to lubricate our trucks exclusively with Zerolene oils has resulted in the reduction to a minimum of mechanical difficulties which were due to faulty lubrication."

**Less Carbon—Better Gasoline  
Mileage**

**ZEROLENE  
F  
for FORDS**

—the Standard Oil Company's new improved oil for Ford cars, "Feeds Those Oil-Starved Fords."

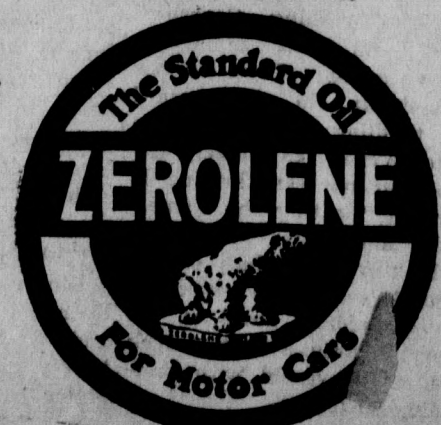

Why pay tribute to a superstition? The use of Zerolene, of the proper body, will not only cut down your oil bill, but give you better continuous lubrication, and better lubrication means greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

Insist on Zerolene, even if it does cost less.

**STANDARD OIL  
COMPANY  
(CALIFORNIA)**

This booklet reports independent service tests of Zerolene made by a number of large users. Ask any Standard Oil Sales representative or Zerolene dealer for a copy.

## MEN'S CLUB WILL DELAY MEETING

On account of the regular date falling in Easter week, the Men's Community club will postpone its April meeting until Thursday, April 24. At that time the regular dinner will be held in the Congregational church and a speaker of prominence is expected to be on the program, according to E. E. Bacon, president of the club.

## ENGAGEMENT IS ANNOUNCED

Friends of Raymond E. Adelmeyer, older son of Mr. and Mrs. J. K. Adelmeyer of Sierra Madre, will be interested in the following item from a recent Honolulu paper:

Mr. and Mrs. Ross H. Bemrose of Emerson street announce the engagement of their daughter, Iwalani Lillian, to Mr. Raymond Edwin Adelmeyer. No date has been set for the wedding. Miss Bemrose is a graduate of the territorial Normal and Training school and is widely known in Honolulu, having been born and reared here.

## CLASSIC CLOCK IS A DELIGHT

One of the handsomest pieces of household furniture obtainable is a good specimen of "grandfather's clock," or hall clock as the modern clocks are more often called. And while the antique clocks are the most interesting by reason of historical associations, few of the older instruments are as beautiful as some of modern production. L. C. Tucker has sold a number of the tall clocks and has one now on the floor of his jewelry store, received a few days ago. The case is a splendid example of cabinet work and the deep toned chimes are delightfully musical. It will be a fortunate family which becomes the possessor of such a clock.

## ORCHESTRA WILL GIVE CONCERT

The Monrovia Community Orchestra will give another of their fine concerts this evening, April 11th. Director J. R. Bayley has arranged an unusual program, including the Mignon Overture, the Waltz of the Flowers from Tchaikowsky's "Nutcracker Suite," and the Grieg Peer Gynt Suite. The soloist will be Miss Lillian Bowles, a lyric soprano of Hollywood, who is said to be a delightful artist. Director Bayley has often appeared as a soloist in Sierra Madre and has enlisted a number of Sierra Madre musicians in his foothill community organization. The concert will take place in the new Presbyterian church.

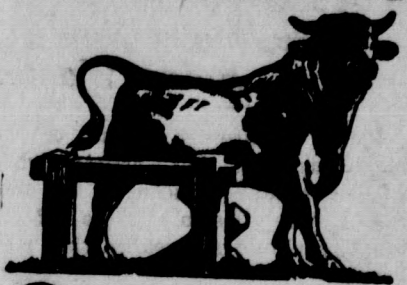

## TRUCK CROPS NEW BUREAU DEPARTMENT

During the past week, the directors of the Truck Crop Growers' department of the County Farm bureau held an unusually successful organization meeting. This group of representative truck crop growers carefully prepared plans for this year's work, which will include the holding of spring and fall field days, a potato show at the county fair, and promotion of the department by securing endorsements from leading organizations and by interesting all truck crop growers in becoming members. Special attention will be given to devising a plan to give growers information as to prospective plantings and the marketing possibilities of the various truck crops. Nematode and wire worm control tests will be carried on.

A resolution asking for a special appropriation for wire worm investigation by the Department of Agriculture was unanimously carried. This action was taken in support of a movement started by growers of Yakima valley, Washington.

Officers for the year were elected as follows: Chairman, E. D. McSweeney, who is at present vice president of the Los Angeles County farm bureau and was chairman of the Potato Growers' department; vice chairman, T. H. Lambert, for many years a farm bureau director prominent and active in the organization representing El Monte.

## FILM FIGHT TURNS INTO REAL BATTLE

Thousands of dollars' worth of valuable period furnishings were destroyed in staging the highly exciting fight scenes in "The Man from Brodney's" a Vitaphone special production, coming to the Colonial at Monrovia next week. Valuable draperies and paintings as well as statuary were ruined in the hand-to-hand struggle of a small group of white men and women defending their mansion against native rebels on the Island of Japet, in the South Seas, where the story is laid.

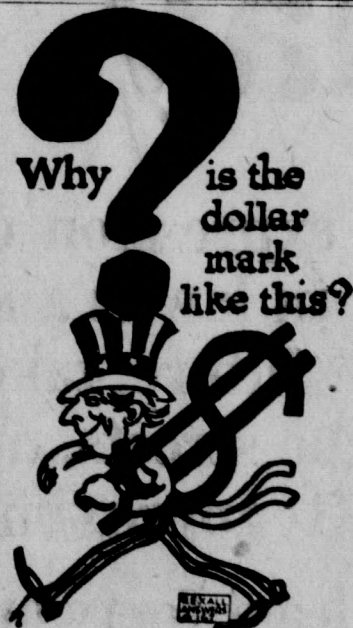

J. Warren Kerrigan, who plays the leading role of the Man from Brodney's, asserts the fight scenes in the picture are the most realistic in which he participated in his long screen career. Mr. Kerrigan praised David Smith, the director, for the realism he injected into the battle between the hordes of natives and the whites.

"The whole thing was so real," Mr. Kerrigan said after the filming of the scene, "that I had to battle with all my strength to keep from being overwhelmed by the brown-skinned men who made the attack. The battle raged so furiously that when Director Smith had finished taking the scene the attackers, failing to hear the shouts of the director and his assistants to stop, continued to fight."

"All signals to cease were disregarded. As a result the entire production staff had to jump in and join in the defense. The failure to understand the signal to stop was due to the fact that real natives were employed in the scene and few of these could understand English. The afternoon was one of the most exciting I have ever had while working in a picture."

Eternal vigilance with fire is the price of a successful vacation in the mountains.

Game and fish depend on forests and streams—both are destroyed by fire.

**Why is the dollar mark like this?**

—because it was originally a combination of the initials U and S (United States). Due to haste in drawing, the curve of the U gradually dropped away. The low price of

**Puretest** Disinfectant No. 6

plus tremendous strength, makes it the ideal cleanser for every home.

No. 6 is ten times more powerful than carbolic acid—and ten times more safe. It goes like cleansing sunshine where sunshine cannot reach.

One of 200 Puretest preparations for health and hygiene. Every item the best that skill and care can produce.

**Wave Motor to  
 Use Power Now  
 Being Wasted**

Sierra Madre is proud of her musicians and her artists whose work has added renown to the foothill town. Possibly some of the townspeople do not realize that right here in his home on West Alegria avenue, Mr. Henry Schaser has invented a wave motor which has been patented at Washington and which is designed to be storm-proof, and to spell the utilization of the kinetic energy of the waves of the sea, a thing which has never before been successfully accomplished.

The cut is a fac-simile of Mr. Schaser's invention, and the following is an explanation of the modus operandi of his remarkable invention.

The fact of the motor's proving storm-proof is of the greatest importance. This is accomplished by having the tower high enough to prevent the large weight hanging therein to ever reach either the top or the bottom of the tower in the fiercest of storms.

The large weight is connected to the float at the sea by a chain which travels back and forth. This is caused by the rising of the float

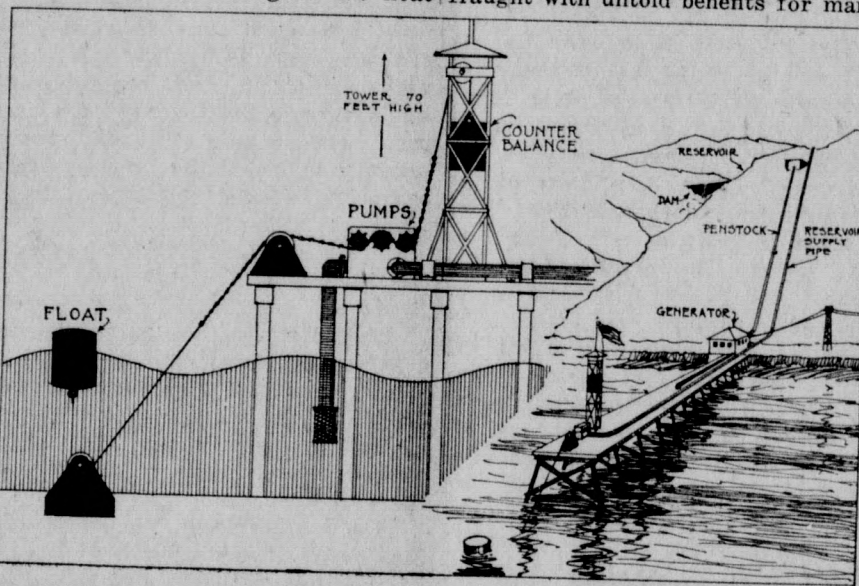

**VOSBURG WELL  
 HAS PROSPECTS  
 OF COMING IN**

Drilling was resumed Wednesday on the Vosburg well located two miles east of Temple after a delay of several days due to the cementing out process which had to be employed to check the gas from interfering with the progress of the drill. The drill is now down to a depth of about 2,300 feet and will continue to drill until a depth of 3,000 or 3,200 feet is reached. Gas pressure has interfered considerably with the work since the 2,000 foot level.

at sea and the falling of the weight in the tower.

As the chain travels back and forth over the sprocket wheels which are connected to force pumps, the pumps elevate water into a reservoir situated high enough to create a water power for the generation of electricity in the ordinary way.

Harnessing electricity has steadily progressed since the experiments of Benjamin Franklin with lightning. Water supply diminishes in given areas and the possibility of harnessing the kinetic energy of the ocean waves as a permanent force for generating electricity is an invention fraught with untold benefits for man-

# VOTE! VOTE!

## On the Cemetery Question

# Monday, April 14

Let us have a fair expression of the people, whether they want the old cemetery as it is, or in lawns and trees, and added to it a little more so that we need not, in the future, take our dead to our neighboring towns. When parkings along the streets, drives, and spaces for buildings are taken out, there will be left approximately eight acres for graves.

There must be at least forty or fifty acres for a "Large Commercial Cemetery." Eight acres will not pay for commercial advertising. We already have a neglected cemetery. Shall we make a park of the whole?

Be sure to vote on this important question at the same time you vote for Trustees, Monday, April 14.

GILBERT S. KEYS.

## LANSBURG FOR MANY YEARS ON GOTHAM PAPERS

Leon Lansberg, a veteran New York newspaper man, is enjoying a period of rest in Sierra Madre, having taken quarters at 49 South Baldwin avenue. Mr. Lansberg has been associated with various New York papers for more than a quarter of a century. For 28 years he conducted the "Asked and Answered" department of the Tribune. He also prepared feature pages for the Times and Herald. Among other features prepared by Mr. Lansberg was a series of articles by "Swami Kripanda."

In addition to his newspaper work, Mr. Lansberg has extensive experience as a teacher of languages. He was at one time in Birmingham, Alabama, and had among his pupils Mr. and Mrs. Oscar Underwood.

## CITRUS FIELD DAY PUT OFF INDEFINITELY

In an effort to avoid any further spread of the foot-and-mouth disease, the citrus pruning field day, announced by the Agricultural Extension service and the Citrus growers' department of the Los Angeles County Farm bureau, has been postponed indefinitely.

Plans for the day, which will be held when the present emergency has passed, include inspection and demonstrations of the series of pruning plots on young and old navel and Valencia orange trees, lemons and tangerines on the Azusa Foothill ranch. On these plots, comparative tests will be made between moderate thinning out system of pruning, partial heading back system in common practice on many groves and no pruning other than removal of dead wood. The plots are planned to run for a number of years.

Announcement has been made by the College of Agriculture, of the University of California, that the Division of Agronomy has available for distribution pure seed of the following varieties of grain sorghums in the amounts indicated:

Dwarf milo, 8,000 lbs.; double dwarf milo, 6,500 lbs.; white yolo, 1,000 lbs.

Orders for seed of these varieties can be placed through F. H. Ernst, assistant farm advisor, 202 North Broadway, Los Angeles. The prices per pound are quoted as follows: Dwarf milo, 5c; double dwarf milo, and white yolo, 7c, f. o. b. Davis, California.

## Largest Swimming Pool.

San Francisco has a new swimming pool which is said to be the largest in the world. It is 1,000 feet long and 100 feet wide, except for a center portion which is 300 feet wide to provide for a racing course across the pool. The depth varies from 3 to 14 feet and the cost of the pool was \$80,000.

## VOGEL'S CLOCK AND TRACT LIKE BIT OF EUROPE

H. O. Vogel left last Thursday for a three months trip to Europe. He shipped his auto some time ago by way of Panama and will enjoy touring to suit his own pleasure, visiting France, Switzerland and Germany.

The last time Mr. Vogel visited Germany he shipped home from Nuremberg a tower clock and chimes. He built a picturesque tower on his garage, nestled among the trees at the turn of the road leading up to his foothill home. The tower can be seen from the Sturtevant trail and the knoll above Sierra Madre Canyon Park, while the sweet-toned chimes can be heard far down in Sierra Madre when the air is favorable.

The mechanism of the clock is a wonderful piece of machinery, driven by weights. These are wound up twice daily by automatic electric devices.

During Mr. Vogel's absence the tract which he is subdividing just below his home place will be in charge of Vincent Guercio. The road work is near completion and the tract promises to be one of the choice sections of Sierra Madre when the owner's ideas are carried out. The electrolliers are unique, being of art concrete but moulded to a wonderful likeness of rustic work fashioned from weathered oak trunks and branches. One Swiss chalet has been erected on the tract and two more are to be built at once.

## Failure to Signal Greatest Cause of Auto Accidents

Although the majority of motor vehicle accidents are caused by failure to signal properly, drivers are becoming more careless than ever, according to reports made to the Automobile Club of Southern California. This costly negligence is becoming more marked in spite of the fact that a motorist failing to signal properly on turning is culpable in case of accident.

One report made to the automobile club extended over four years of checking cars turning at prominent corners in Southern California. During the year 1920 one in every 12 drivers failed to signal properly. These derelictions have grown more common until at the present the check shows that one driver in five is guilty of this breach of law.

No particular class of drivers is named. Limousines are equally guilty with flivvers, and male and female display similar disregard for safety. It has been suggested that unless all drivers make proper signals, a drastic campaign be instituted to enforce this necessary regulation to safe driving.

Help prevent fires—it pays.

## GOOD Chicken Feed IS IMPORTANT

IT'S all right to let your chickens grub around for some of their food, but don't forget that their main sustenance must come from a carefully prepared, well mixed special poultry food.

11:00 a. m. and 7:30 p. m.—Church services.  
Midweek prayer meeting, Wednesday, 7:30 p. m.  
You are invited.

## EASTER MORN ON CATALINA

Easter sunrise services will be held at Avalon, Catalina Island, Sunday, April 20th, and an impressive program has been arranged under the auspices of the Mary Williams club.

The ceremony will take place on the summit of Buean Vista Park, and sunrise will be signaled by Boy Scout buglers, followed by a selection by the Avalon Male quartet consisting of Messrs. Carver, Holmes, Heywood and Renfro. Prayer will be offered by Rev. La Rue C. Watson, pastor of the Avalon Community Church, and there will be community singing led by Mr. Ralph Haywood, accompanied by the Hotel St. Catherine orchestra. A cornet solo will be offered by Mr. Passarelli followed by community singing, with benediction by Father Corcoran of the Avalon Catholic Church.

Last year a gathering of 1500 people participated in the sunrise ceremony at Avalon, and this year it is expected that a still larger number will make the trip to Catalina to enjoy the thrill of greeting the Easter sun as it emerges from behind the Sierra Madre range and floods the Magic Isle with its glory across the shimmering waters of San Pedro Channel.

## LANDSEEKERS GET LOW RATE

Effective Friday, March 28th, land seekers' rates were published by the Southern Pacific Company from Los Angeles, San Diego, San Francisco, Sacramento, Fresno and Stockton to all points on Southern Pacific lines in California, Nevada, Arizona and Oregon. Tickets will be sold Friday of each week from March 28, 1924, to and including March 31, 1925, on basis of fare and one-third for the round trip, for parties of fifteen or more traveling together, going and returning on one ticket, limited to four days from date of sale where the one-way fare is \$15.00 or less, and where the one-way fare is more than \$15.00 such tickets will be limited to seven days for return. Stopovers will be allowed in each direction. The above announcement is made by G. W. Wetherby, district passenger agent.

These landseekers fares, said Mr. Wetherby, will aid very materially in developing the agricultural sections of California, such as the Imperial valley, San Joaquin valley, Antelope valley, etc. No doubt many newcomers to California will take advantage of them in order to inspect the wonderful possibilities of California.

## NEW TRAIL TO ARROYO SECO

Lovers of mountains will greet with keen pleasure news of the completion of a new trail between Alpine tavern and Switzer's Camp in the Sierra Madre mountains.

The new trail, which goes by the way of Bear canyon, opens to the hiker the hitherto unavailable beauties of the Upper Arroyo section, traverses a route easily ascended and the hard, arduous journey heretofore necessary between these two points is eliminated. Another advantage is the direct route traversed, the new trail reducing the journey to six miles, as against eleven miles between the two points via the old trail. The old scenic trail will be maintained, giving the hiker the option of going via one route and returning by another.

Help keep the mountains green—Be careful with fire.

**A Giant's Bite.**

An electric power shovel weighing three hundred tons, with an 80-foot reach and capacity of eight cubic yards at one bite, has been built for use in quarrying limestone. Four men can operate it.

"Food that's good for the baby is just the food for you,"  
—says The Farmer Boy.

THE doctor tells you that our milk is the milk for your child—and so you know it is pure. It's the milk to cook with and the milk to drink.

## Glendora Wins Cemetery Fight

### Heated Words Used Before Supervisors

Meeting the demand of scores of irate citizens, the Board of Supervisors today refused to grant the petition for the establishment of the proposed Lawndale Memorial cemetery on the Armstrong ranch near Glendora.

Heated words, hurling of "lie" charges and other verbal charges including "graft," and "unwarranted speculation," marked the session of the board.

**OWNERS PROTEST**

A big delegation of property owners, headed by L. M. Carroll, denounced the proposed establishment of the cemetery, declaring that it

would not only decrease real estate values in that vicinity but would prevent the district from growing in the future as fast as it had in the past and in keeping with the standard set by other communities.

This was denied by Attorney Bud Hill, who represented the company sponsoring the cemetery. He said the burial plot would be established more on the order of a park than a cemetery and that it would aid rather than injure values of surrounding properties.

**OBJECTION UPHOLD**

"It would present a much better appearance than some of the Jap shacks on nearby property," he asserted.

On the motion of Supervisor Jack Bean, who held that the establishment of the cemetery would violate a county ordinance prohibiting a graveyard nearer than one mile to 100 houses, the supervisors unanimously voted in favor of the demonstrators.

Pursuant to statutes and to Reso-  
lution No. 179 of the Board of Trus-  
tees of the City of Sierra Madre, Cal-  
ifornia, adopted March 27th, 1924,  
directing this notice, the undersigned,  
City Clerk of said City of Sierra  
Madre, invites, and will receive at  
his office in the City Hall, in the  
City of Sierra Madre, up to 7:30  
o'clock P. M. of Thursday, April 24th,  
1924, sealed proposals or bids for the  
following street work to be done ac-  
cording to plans and specifications  
posted and on file thereto adopted,  
or herein mentioned, to-wit: That

MERRILL AVENUE  
between the Northern line of High-  
land Avenue and the Southern line  
of Laurel Avenue including all ter-  
minations with terminating streets  
and alleys be improved by certain  
grading and by the construction of  
certain two (2) inch oiled macadam  
pavement, cement curbs and concrete  
gutters and that

LAUREL AVENUE  
including its termination with Bald-  
win Avenue and all terminations  
with terminating streets and alleys  
between a line twelve (12) feet  
Westerly from and parallel with the  
Easterly line of said Baldwin Avenue  
and the Westerly line of Moun-  
tain Trail Avenue, be improved by  
certain grading and by the construction  
of certain two (2) inch oiled  
macadam pavement, cement curbs,  
cement sidewalks and concrete gut-  
ters, and all other work or improve-  
ment described in Resolution No. 170,  
being the Resolution of Intention  
for said work or improvement, in the  
manner and within the limits desig-  
nated in said Resolution, and refer-  
ence is hereby made to said Resolu-  
tion for a further and more com-  
plete description of said work or im-  
provement and the description of  
said work or improvement in said  
Resolution contained is hereby ex-  
pressly adopted and made a part  
hereof, the same as though fully set  
forth herein.

That all of the work aforesaid  
shall be done in accordance with and  
to the grades shown on Special Im-  
provement Plans, Cross-sections and  
Profiles No. 101, 102 and 103 on file  
in the office of the City Engineer of  
the City of Sierra Madre and in fur-  
ther accordance with Special Spec-  
ifications for said work on file in the  
office of the City Clerk of said City,  
adopted by the Board of Trustees  
of the City of Sierra Madre by Reso-  
lution No. 168 of said City. Said  
Special Improvement Plans, Cross-  
sections and Profiles and Special  
Specifications are hereby referred to  
for full and detailed description of  
said proposed work or improvement,  
and for the description of the grade  
to which the work is to be done and  
are made a part hereof.

That the said work or im-  
provement, in the opinion of said Board  
of Trustees of said City, is of more  
than local or ordinary public benefit,  
and said Board of Trustees declares  
that the district to be benefited by  
said work or improvement, and to be  
assessed to pay the costs and ex-  
penses thereof, is described in said  
Resolution of Intention No. 170 to  
which said Resolution reference is  
hereby made for a description of  
said district.

That said Board of Trustees also  
determines and declares that serial  
bonds bearing interest at the rate of  
seven per cent (7%) per annum  
shall be issued to represent each  
assessment of twenty-five dollars  
(\$25.00) or more remaining unpaid  
for twenty (20) days after the date  
of the warrant. Said serial bonds  
shall extend over a period ending  
nine (9) years from the second day  
of January next succeeding the fif-  
teenth day of the next November  
following their date. Payments on  
the principal of unpaid assessments  
and interest shall be made by prop-  
erty owners to the City Treasurer  
and the same shall be disbursed by  
him, all as provided in the "Im-  
provement Act of 1911," hereinafter  
referred to.

That the proceedings for the afore-  
said improvement shall be had and  
taken under and in accordance with  
an Act of the Legislature of the  
State of California designated and  
known as the "Improvement Act of  
1911," approved April 7, 1911, and  
under all Acts supplementary there-  
to or amendatory thereof.

Bidders must file with each pro-  
posal or bid a check payable to the  
City of Sierra Madre, certified by a  
responsible bank, for an amount  
which shall not be less than ten per  
cent of the aggregate of the pro-  
posal, or a bond for the said amount  
and so payable, signed by the bid-  
der and by two sureties, who shall  
justify, before any officer competent  
to administer an oath, in double the  
said amount, and over and above all  
statutory exemptions.

In bidding, use blanks which will  
be furnished by the City Clerk upon  
application.

Sierra Madre, California, April  
7th, 1924.

(Seal) L. DIETZ,  
City Clerk and ex-Officio Clerk of  
the Board of Trustees of the City  
of Sierra Madre, California. 28c29

### New Alaska Gold Field.

Warm chinook winds in Alaska have  
caused the melting ice water to erode  
new lands and expose deposits of  
gravel containing rich gold finding. On  
the west side of Turnagain Arm an  
avalanche 100 feet wide and a mile  
long rushed down a mountain, cutting  
deep into the soil, revealing three  
ledges rich in quartz. Every un-  
attached man in Anchorage has left  
for the spot to stake his claim.

### LITTLE BOY'S DEATH IS SAD

Friends of Mr. and Mrs. A. W.  
Tourelle, former Sierra Madre resi-  
dents who now live in Alhambra,  
will be pained to learn of the pass-  
ing of their seven-year-old son. He  
was taken with spinal meningitis  
while his mother was in the Glen-  
dale hospital for an operation. The  
little fellow was taken to the same  
hospital but failed to recover in  
spite of everything possible being  
done for him. Mrs. Tourelle has re-  
covered sufficiently so she could be  
removed to her home, but the tragic  
loss is a serious obstacle to re-  
cuperation.

### DR. POWERS IS NEW RESIDENT

Dr. and Mrs. H. J. Powers of Los  
Angeles have bought the Louis  
Brooks bungalow at 65 East Central  
and come to Sierra Madre to make  
their home. Dr. Powers is a prac-  
ticing physician with several years  
of experience in Los Angeles. He  
received his training at the Univer-  
sity of Southern California and at  
Bellevue, New York City. He spent  
some time in Sierra Madre as a boy  
and says he has had a desire ever  
since to return here to reside.

### NOTICE OF PUBLIC WORK

Public notice is hereby given that  
on Thursday, the 28th day of Feb-  
ruary, 1924, the Board of Trustees  
of the City of Sierra Madre, Cal-  
ifornia, did, at its meeting on said  
day, pass a Resolution No. 172 de-  
claring its intention to order the fol-  
lowing street work to be done, to-wit:

Section 1. That the public interest  
and convenience require and that it  
is the intention of the Board of  
Trustees of the City of Sierra Madre,  
State of California, to close up, vac-  
ate and abandon for street purposes  
all that portion of Camillo Street, in  
said City of Sierra Madre, described  
as follows, to-wit:

Commencing at the Southwest cor-  
ner of Lot No. 2 of the Camillo Guercio  
Tract, as per map recorded in Map  
Book 11, Page 120, Records of Los  
Angeles County, California; thence  
North no (0) degrees two (2) min-  
utes West 200 feet along the West-  
erly line of said Lot 2 to the North-  
west corner of said Lot 2; thence  
West 20 feet; thence South no (0)  
degrees two (2) minutes East 200  
feet; thence East 20 feet to the point  
of beginning.

Section 2. That the exterior bound-  
aries of the district of lands to be  
benefited by said work or im-  
provement and to be assessed to pay the  
damages, cost and expenses thereof  
are described as follows:

Commencing at the Southwest cor-  
ner of Lot No. 2 of the Camillo Guercio  
Tract, as per map recorded in Map  
Book 11, page 120, Records of Los  
Angeles County, California; thence  
Easterly along the Southerly line of  
the said Camillo Guercio Tract to the  
Southeast corner of Lot No. 3 of said  
Camillo Guercio Tract; thence North-  
erly along the East line of said  
Lot No. 3 to the Northeast corner of  
said Lot No. 3; thence Westerly in  
a direct line to the Northeast corner  
of Lot No. 4 of Tract No. 1360 as  
per map recorded in Map Book 21,  
page 121, Records of Los Angeles  
County, California; thence South  
along the East line of said Tract  
No. 1360 to the Southeast corner of  
said Tract No. 1360; thence Westerly  
in a direct line to the point of be-  
ginning.

Reference is hereby made to said  
Resolution of Intention No. 172 on  
file in the office of the City Clerk  
of said City of Sierra Madre for fur-  
ther particulars. A. M. UDELL,  
Street Superintendent of the  
City of Sierra Madre.

Dated this 21st day of March, 1924.

A one-cent cigarette may start a  
\$10,000 forest fire. Put out that  
snipe.

### "IF I WAS GIVING ADVICE To a Bride--"

which I am too sensible to  
do," said Aunt Julia, "I'd tell  
her that if she keeps her  
husband thinking he's the  
the most wonderful thing  
that ever happened, he's not  
likely to go around hunting  
for dust in the corners.

"My sentiments on being  
happily married are—Spend  
less time on your house and  
more time on yourself and  
your husband."

You may not agree with  
Aunt Julia's diagnosis of  
men, but hundreds of women  
will tell you that our laundry  
does save many valuable  
hours from household rou-  
tine.

Shall we save some time  
for you?

SIERRA MADRE  
DEPARTMENT STORE

Phones: Black 12; Main 205  
331 West Central

## Mountain Fire Protection Is Well Planned

Fire protection for the Angelus Forest Reserve is better organized than ever before in history. This fact was clearly brought out Tuesday night at the regular monthly meeting of the directors of the Forest Protective association. Plans for further perfecting of the work were made.

Representatives from eleven of the foothill cities met at the Sierra Madre cafe for dinner, which was also attended by several Sierra Madre men who are especially interested in the subject of forest and water conservation.

### Flood Control

Dennis Stovall, president of the Chamber of Commerce, acted as chairman at the dinner and introduced C. G. Dunwoody of Pasadena, president of the association. He gave a brief outline of the need of some such body of volunteers who should be trained in the science of fighting forest fires. He was followed by Louis J. Matthews of Covina, who made an eloquent appeal for support of the flood control bonds which are to be voted upon May 7th. He showed how the building of the San Gabriel Canyon dam and the Puddingstone dam meant the saving of hundreds of thousands of acre feet of water which now are lost in the ocean each year and that this water would remove for years to come the danger of water shortage in the whole San Gabriel valley. He called attention to the fact that this bond issue carries an item of \$150,000 to be expended in the Little Santa Anita Canyon for check dams, from which this city will reap the entire benefit. On account of the formation of the underlying ridges a portion of the water conserved by the proposed dams in the Big Santa Anita and Eaton's Canyons will also drain into the Sierra Madre water basin in which the wells are located.

### Wood New Director

At this point the meeting adjourned to the Parish house of the Episcopal church where the regular business of the meeting was held. L. D. Berg, secretary of the Chamber of Commerce, who has been acting as temporary director in the organization, introduced Randolph Wood as the permanent director from Sierra Madre and he was given a cordial reception by other members of the board.

Mr. Dunwoody explained that schools in fire fighting were being held weekly in Pasadena, Monrovia and Pomona. The course will take in the neighborhood of three months and then the group leaders who pass examination will be given badges and their authority will be recognized as equal to the county and federal officers until the regular rangers arrive and are in position to take control of the fire. The group leaders then remain in charge of the men under them and these units are expected to be one of the most efficient factors in prompt control of the fires.

Marshal Udell, who is the group leader in Sierra Madre, was complimented on the promptness and efficiency with which he handled the fire which threatened the entire watershed for a time Saturday. It was explained that through the arrangements which have been made with Supervisor Charleton, the telephone lines are cleared for the work of these units and it was possible for Mr. Udell to keep in constant touch with the supervisor as well as all the cities which belong to the association. Forty men came from Monrovia under their leader, but their services were not required. Pasadena was ready to send a large contingent and all the other cities in the association reported the number they were ready to send. This was one of the first fires since the association was formed and those present at the meeting realized the tremendous advantage of having such a volunteer force, drilled in forest fire fighting, ready to respond to call in any emergency.

After expressing appreciation of the manner in which they had been entertained and the interest in their work which had been evidenced in this city by the large attendance of non-members, Mr. Dunwoody adjourned the meeting.

Leave a clean camp and a dead fire.

## Woman's Club

To give all members an opportunity to attend the convention meetings at Glendale, no club session was held this week.

The theme of the convention, "Education for Peace", was ably developed, and received its most comprehensive expression in the lecture by Dr. David Starr Jordan. Dr. Jordan ably expounded the doctrine that war will pass, as has cannibalism, as an accepted custom. The tremendous injury to the nations of the world through the loss of thirty million men, the most fit mentally and physically, leaving to father the coming generation the defectives and slackers, was illustrated by recent facts gathered in England and Europe.

The economic damage of the late war was shown in destruction of the prosperity of this country's most basic and important productive class, the farmers. Also that the savings of the middle classes of the nations of the world have been swept away by the financial manipulation made easy by conditions created by the war. That every part of our own country is now affected by the destruction of world prosperity by the great war.

### Dancing Party

The next dancing party which will be given Friday evening, April Twenty-fifth, will be in charge of Mrs. Harold Hart. The hostesses will be Mrs. T. H. Flather, Mrs. Dewey, Mrs. Krear, Mrs. W. E. Doty and Mrs. T. J. Burns.

At the next regular meeting, Wednesday, April 23rd, when Mr. Max Wardall will lecture before the club, reports of the very successful Wistaria Fete, and the Glendale Convention will be presented.

### Election Coming

Two members of the election board will be nominated from the floor. Mrs. T. H. Flather has been appointed by the board and is chairman of the election board. Nominations for officers for the coming year are to be made from the floor, the consent of the nominee to be previously obtained. Election will be held the fourth Wednesday in May.

The officers urge active support of the Community Sing by more diligent attendance at the meetings, and urges all members to attend the Sing next Thursday night, making it a "Woman's Club" night, and encouraging the Sing committee. No other medium reaches the stranger so quickly or so friendly a way as the Sing. Do your part to support it.

The interest of the club in the Community Sing has been shown in various ways, in particular by giving the Sing the use of the Club House at a nominal fee only covering "over head," during the several seasons the community has had the benefit of this important civic activity.

The success of the dancing parties this year, would be still more gratifying if more club members would attend.

Messrs. Marcellus W. Meek and Leo Neuer of Arcadia have embarked upon an interesting enterprise in a rabbit farm. They have a number of breeds producing different furs and expect to develop a new industry for Southern California. The opening of their establishment has been the occasion of visits from a large number of people to their plant at 140 East Duarte Road. They will also maintain a department for the manufacture of fur garments.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., AUTHORIZED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of Sierra Madre News, published weekly at Sierra Madre, Cal., for April 1, 1924.

Before me, a notary public in and for the State of California, personally appeared George B. Morgridge, who, having been duly sworn according to law, deposes and says that he is the managing editor of the Sierra Madre News and that the foregoing is to the best of his knowledge and belief the true and correct statement required by the Act of August 24, 1912, embodied in section 448, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Sierra Madre Press, Inc., Sierra Madre, Cal.; publisher: Editor, Managing Editor and Business Manager, George B. Morgridge, Sierra Madre, Cal.; J. D. Mackerras, M. C. Rodgers, George L. Mitchell, A. W. Wolkyns.

2. That the owner is Sierra Madre Press, Inc.; stockholders holding one per cent or more of total stock: George B. Morgridge, J. D. Mackerras, M. C. Rodgers, George L. Mitchell, A. W. Wolkyns.

3. That the known bondholders, mortgages and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Sierra Madre Savings Bank, Sierra Madre, Cal.; C. S. Kersting, Los Angeles, Cal.; C. G. Gerner, Cal.

4. That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in said stock, bonds, or other securities than as so stated by him.

Sworn and subscribed before me this 31st day of March, 1924.

MARY G. CLARKSON, Notary Public.

(My commission expires Sept. 18, 1927.)
